Brand New Book ***** Print on Demand *****.The first ten amendments to the U.S. Constitution, famously known as the Bill of Rights, elevated the document to the most inspired and valuable statement of human rights in human history, placed important curbs on the power of Federal government and put the recently independent United States of America on an unequaled path of liberty and opportunity that has served its citizens well for over two centuries. The Next 10 Amendments paints a picture of what a modern great nation and an empowered citizenry look like going forward for the next 200 years.
