paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 391 Publisher: Electronic Industry Pub. Date :2009-04-01 version 1. That Word. in your mind will immediately think Typing Text entry Yes. Word can do the job. but its ability does not stop there. If you can pay more attention to some of it. I believe that is bound to greatly increase your productivity. which are derived from the powerful Word word processing functions. 8020 rules I believe we have heard. is that 20% of the functionality the software used by people. while the remaining 80% of the people were cold. We usually only as a type to Word or text entry tool. which is only 20% see the Word and even fewer features. but not really open Word itself has a strong word processing and typesetting functions. It is precisely because people are busy all day working the Stone Age hand-layout document. rather than the modern computer technology. automation technology can achieve. The purpose of this book is to be able to write the remaining 80% of Word's features excavated. allowing you to take advantage of Word's...
