Brand New Book. *Minority Rules* is an ethnography of a Chinese people known as the Miao, a group long consigned to the remote highlands and considered backward by other Chinese. Now the nation's fifth largest minority, the Miao number nearly eight million people speaking various dialects and spread out over seven provinces. In a theoretically innovative work that combines methods from both anthropology and cultural studies, Louisa Schein examines the ways Miao ethnicity is constructed and reworked by the state, by non-state elites, and by the Miao themselves, all in the context of China's post-socialist reforms and its increasing exchange and fascination with the West. She offers eloquently argued interventions into debates over nationalism, ethnic subjectivity, and the ethnography of the state. Posing questions about gender, cultural politics, and identity, Schein examines how non-Miao people help to create Miao ethnicity by depicting them as both feminised keepers of Chinese tradition and as exotic others against which dominant groups can assert their own modernity. In representing and consuming aspects of their own culture, Miao distance themselves from the idea that they are less than modern. Thus, Schein explains, everyday practices, village rituals, journalistic encounters, and tourism events are not just moments of cultural production but also performances of modernity through which others are made primitive. Schein finds that these moments frequently highlight internal differences among the Miao and demonstrates how not only minorities but more generally peasants and women offer a valuable key to understanding China as it renegotiates its place in the global order. Based on extensive, multisite fieldwork, this book will interest scholars of Asian studies, anthropology, gender studies, post-colonialism, ethnic studies, and cultural studies.
